Notes

Aerial photography and ortho imagery for 632,585 sq km or 97% of the province is currently available on Flysask2.ca. Imagery has been acquired between 2008 to 2022.

Refresh program (2022 - 2026) put focus on areas not captured during 2008 - 2021 flights.

Areas with photography not yet acquired, continue to be a priority for the 2022 refresh flights.

Primary roads and the national topographic series(NTS) mapsheet grid are shown for reference purposes only.
